# PUBLIC WORKS DEPARTMENT ENGINEERING FEES

Section 1: Pursuant to Section 21.20.030 of the Fullerton Municipal Code, engineering and public works processing and permit fees, charges, and deposits for General Engineering shall be as follows:

A. Deposit for Subdivisions and Major Development Projects (reimbursable accounts)

A deposit account shall be set up for, parcel maps, tract maps and major development projects as determined by the Director of Public Works, and all work shall be billed against the deposit at actual costs of time and materials, plus overhead or pass-through fees for consultant services.

- 1. An initial deposit in the amount of \$5,000 for tentative parcel maps and major development projects, and in the amount of \$10,000 for tentative tract maps, shall be deposited with the Public Works Department concurrently with the first review submittal of the tentative parcel/tract map or major development site plan.
- Consultant map and plan check services are paid at an agreed upon hourly rate on a time and material basis. The fee range will be estimated during the preapproval process and will be based upon City costs for similar projects.
- 3. Public Works staff plan check and inspection services are paid on a time and material basis (direct staff time rate plus overhead), and are estimated to total approximately 3% of the cost of public improvements for plan check services, and 5% of the total cost of public improvements for inspection.
- 4. Any amount remaining in the account after completion of the project will be refunded to the applicant. If the amount deposited is insufficient to complete the plan and map check review process, or to fund the Public Works Department's inspection services during construction, additional deposits will be required as necessary to obtain City approval of the final map, public improvements plans, and/or final acceptance of installed public improvements.
