

FULLERTON FORWARD

CITY MANAGER'S REPORT

AIRPORT DAY 2024

Fullerton's Airport Day was held on **Saturday, June 1, 2024**. It was a vibrant community event celebrating aviation and the history of the Fullerton Municipal Airport. The event featured various displays of aircraft, including helicopters, warbirds, and classic vintage planes.

Additionally, visitors had the opportunity to view these displays up close, where they could get inside, take photographs, and interact with pilots and aviation enthusiasts.

Airport Day showcased the airport's significance since its founding in 1928 and the event emphasized its role in the Fullerton community. The open gates and free admission allowed hundreds of visitors to enjoy various displays and activities, helicopter and plane rides that were available for purchase, and delicious dining options from food trucks and the Wings Café.

OC MEDIA LANDSCAPE EVENT

Staff recently attended OC Forum's "Critical Conversations: OC Media Landscape" event in Irvine, which brought together key figures in the media industry to discuss the evolving landscape of media in Orange County. The event, moderated by Lizz Mishreki, Vice President of Communications at the Orange County Business Council (OCBC), featured a panel of distinguished speakers including Gustavo Arellano, a columnist for the Los Angeles Times; Ashley Alvarado, Vice President of Community Engagement & Strategic Initiatives at LAist; Todd Harmonson, Senior Editor of the OC Register; and Rick Reiff, Editor at Large for the OC Business Journal.

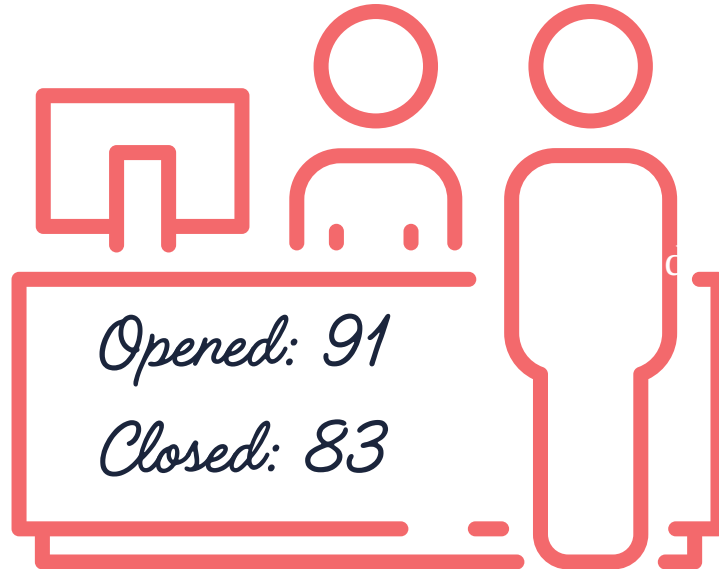

The discussion focused on the generational shift in media consumption, the impact of digital platforms, and the future of local news in Orange County. Panelists explored both the challenges and opportunities presented by the rapid changes in how news is disseminated and consumed. Topics included the role of social media, the importance of community engagement, and the economic realities facing traditional media outlets.

Overall, the "Critical Conversations: OC Media Landscape" event served as a valuable platform for City staff to gain knowledge, build relationships, and adopt innovative strategies for improving public information and community outreach.

CITY CLERK

The City Clerk's Office opened 91 public records requests and closed 83 public records requests from May 1st through May 31st with an average close of 8.39 days.

INFORMATION TECHNOLOGY

TYLER MUNIS UTILITY BILLING AND UTILITY SERVICES CASHIERING NOW LIVE!

On May 13, 2024, Tyler Munis Utility Billing and Tyler Cashiering for Utility Services launched in production. This major system transition introduced many new features benefiting both USD and Fullerton citizens, including:

- New customer-facing bills with easy-to-read consumption graphs.
- A new Customer Self-Service Portal with access to historic bills, consumption history, and a user-friendly self-payment process.
- An automated phone payment system for Utility Billing customers, available 24/7, for easy payment anytime, anywhere.
- Opt-in SMS text notifications and emails for city-wide announcements or notices related to Utility Services.

The Utility Services Department is currently working through billing all new and existing customers through this system. They have been accepting payments on previous bills through the new in-person cashiering system, automated phone payment system, as well as the new customer self-service portal.

The new Tyler Munis Customer Self-Service Portal and a newly dedicated Automated Phone Payment number will also be made available to General Billing customers in July.

Additional departments across the City will be transitioning to the new Tyler Cashiering platform over the next several months.

COMMUNITY AND ECONOMIC DEVELOPMENT

HOUSING

We're excited to announce that the previously city-owned property at 1600 W Commonwealth has officially been sold to Meta Housing for a 100% affordable housing project. This marks a significant milestone in our commitment to providing accessible housing options for all residents. Approved by the City in May 2023 and with the disposition and sale completed on May 29, 2024, this 65-unit development represents a crucial step forward in addressing our community's housing needs. With construction set to begin soon, we extend our heartfelt gratitude to all who contributed to making this project a reality, and we eagerly anticipate creating a more inclusive Fullerton for everyone.

PLANNING

- The Draft Environmental Impact Report (EIR) for the proposed Housing Incentive Overlay Zone (HIOZ) is available on the City website for a 45-day public review period starting on May 31, 2024. Notices were sent via US mail, email, and advertised in the Fullerton Observer. The EIR process was started in September 2023 with a Scoping Meeting and only covers the HIOZ portion of the Housing Element Update. Since no zone changes are proposed for the Housing Element, no EIR is required for that process.
- Planning staff and the City's consultants are actively working on corrections to the Housing Element Update in response to the comment letter provided by the Department of Housing and Community Development (HCD) on May 9, 2024. Staff will post the revised Housing Element to the City website on June 19, 2024 for a 7-day public review period.

PROJECT VALUATION

CODE ENFORCEMENT

As a follow-up to the May 14, 2024, Public Nuisance Hearing, the Independent Public Nuisance Hearing Officer issued his Order last week. In his order, he declared the site at 504 South Harbor a public nuisance and ordered the closure of the illegal business. City Staff served the property and business owners with the Public Nuisance Administrative Hearing Order and posted the property.

The Cannabis Code Enforcement Officer will inspect this week to verify compliance with the order. If the owners fail to comply with any of the requirements on the Order, staff will go to court to petition for an abatement warrant authorizing the City to execute the Public Nuisance Administrative Hearing Order. Any costs incurred by the City for such abatement will be recovered. Before June 15, 2024, Code Enforcement anticipates being able to close two illegal cannabis businesses, as the City was also granted another abatement warrant that staff applied for last week.

ECONOMIC DEVELOPMENT

The City of Fullerton is looking forward to hosting an upcoming small business one-stop-shop on **Thursday, July 25, 2024** from 4:30 to 8:00PM at 340 W. Commonwealth Avenue in the Community Center courtyard. Join City staff alongside state and regional resource partners to get important business support. In this changing economy, our one-stop-shop is a great opportunity to get no-cost assistance. RSVP for City Networking & Resource Fair: [Fullerton Small Business One-Stop-Shop Tickets, Thu, Jul 25, 2024 at 4:30 PM | Eventbrite](#)

Additionally, the Orange County Inland Empire (OCIE) Small Business Development Center (SBDC) and the City are teaming up to offer small business owners in the community essential support. At the event, owners can have a free 30-minute one-on-one session with an SBDC consultant to address marketing, operations, or financial needs. They'll also get ongoing no-cost support to help grow their business. RSVP for a One-on-One No Cost Consulting session below: [SBDC Small Business Clinic with the City of Fullerton Tickets, Thu, Jul 25, 2024 at 5:00 PM | Eventbrite](#)

ICSC Las Vegas

City representatives, including City Manager, Eric Levitt, Deputy City Manager Daisy Perez, and Community and Economic Development Director, Sunayana Thomas, recently attended the International Council of Shopping Centers (ICSC) conference in Las Vegas where they engaged with numerous developers, brokers, and potential tenants to showcase the opportunities in Fullerton. These interactions have proven fruitful, resulting in follow-up meetings to delve deeper into retailers' needs and preferences and potential development.

The post-ICSC meetings aim to align the offerings of Fullerton with what retailers are seeking, facilitating the process of finding suitable spaces for them to establish and expand their presence in the City. This proactive approach underscores the City's commitment to fostering economic growth and development.

FIRE DEPARTMENT

WORKING TOGETHER! INTER-AGENCY AND COMMUNITY PARTNERSHIPS

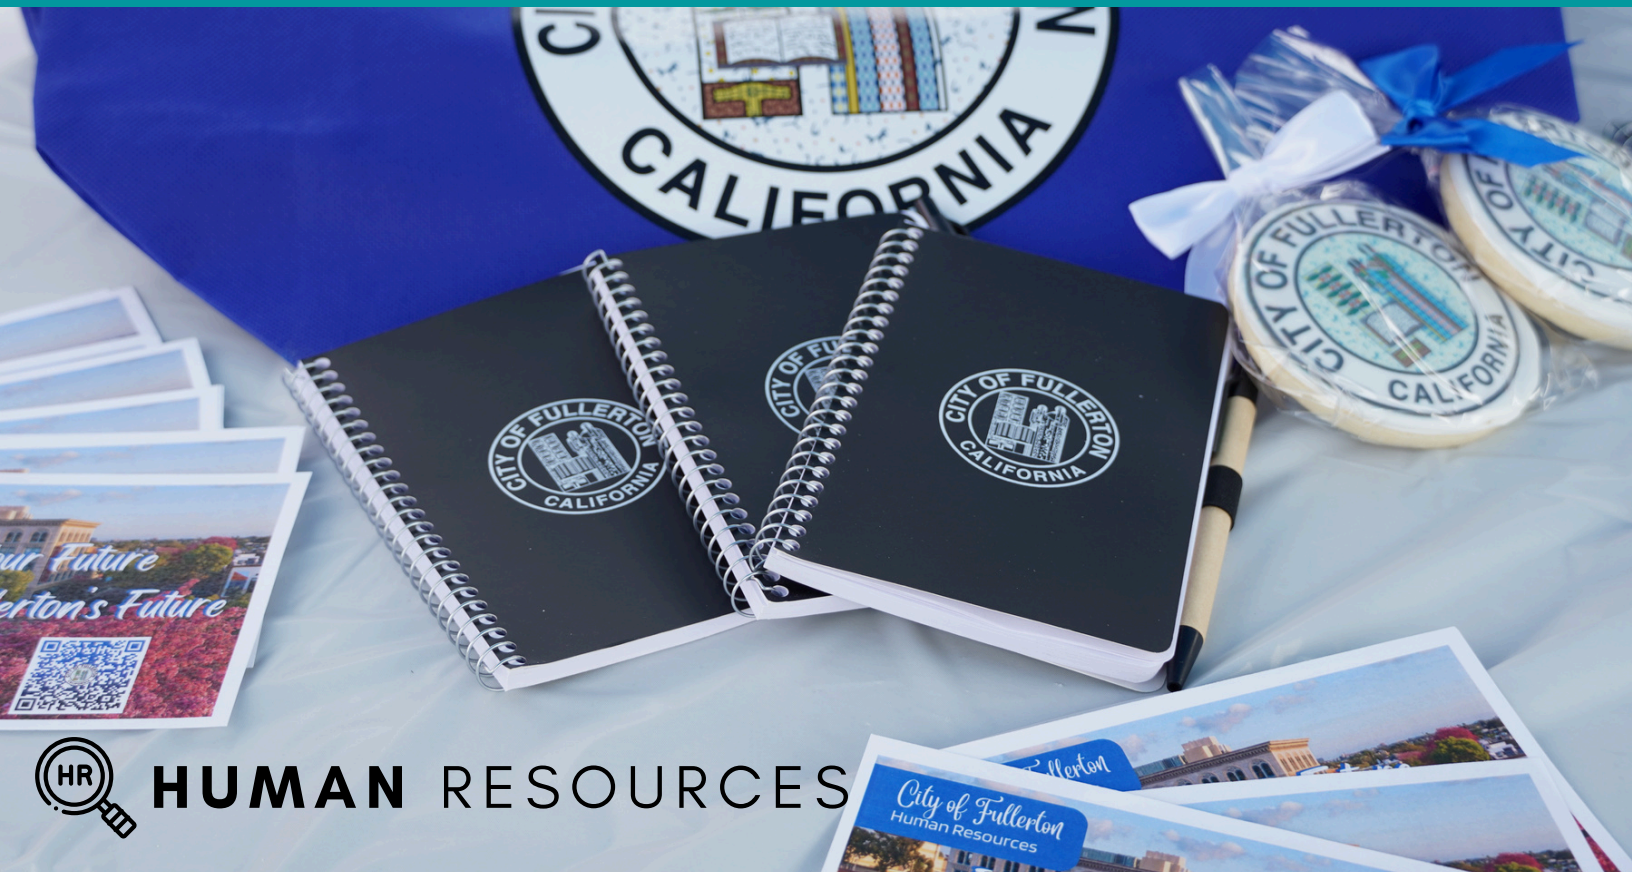

Celebrating with Public Safety and Emergency Services

The Fullerton Fire Department and Fullerton Police Department demonstrated their commitment to public safety in partnership with the CSUF Police Department during the California State University Fullerton Commencement Ceremonies. Over a span of four days, an estimated 120,000 attendees, including faculty members, graduates, family, and friends, participated in 12 in-person ceremonies. Such large gatherings necessitate strong interagency cooperation to ensure the safety and well-being of all involved.

A key element in this effort was the use of UTV 6 by Fullerton Fire Medics. This nimble utility task vehicle allowed the medics to effectively maneuver throughout the event, ensuring timely medical response in the crowded and busy environment. The dedication and preparedness of these public safety agencies exemplify the importance of collaborative efforts in managing large-scale events and maintaining public safety.

We Remember Our Fallen Over Memorial Day Weekend, Fullerton Firefighters paid tribute to our fallen heroes by placing flags on the headstones of veterans prior to the 86th Annual Memorial Day Ceremony at Loma Vista Memorial Park. On Monday, Fullerton Fire Engine 4, Truck 6, Command Staff, and their families, gathered together to honor those who have served our country. Their participation in this meaningful ceremony underscores the deep respect and gratitude held for those who sacrificed their lives in service to our nation.

HUMAN RESOURCES

WHAT WE ACCOMPLISHED:

Five new regular employee was processed and joined our team!

Police Department

- Joelle Clayton - Police Dispatcher
- Alec Garcia - Police Dispatcher (Lateral)
- Jacqueline Holguin - Police Dispatcher

Public Works

CHILDREN'S PARTICIPATION IN PACIFIC DRIVE KINDERGARTEN VISIT

Hunt Branch Library hosted 91 kindergarteners from Pacific Drive Elementary for one big class visit with 4 activity stations, along with Navy and Marine service members from the USS Carl Vinson, who were on a tour of the City during Fleet Week.

Branch Librarian Jaime Cortes and Parks and Recreation staff hosted craft and outdoor game stations while Children's Librarian Gina Moffitt hosted the storytime station, performing four rousing 20-minute storytimes for the children. The service men and women jumped into the activities as well. Sailors and Marines moved through the stations with several making their way into the storytime area. Gina was touched and honored to find them sitting right down with the children and listening to the stories themselves. One Marine even volunteered his Navy buddy to read one of Gina's books. After some joking around, Gina handed him *The Greedy Goat* by Petr Horáček, and coached him on reading the book aloud – "You're going to have to make the hiccupping and burping sounds the goat makes." Navy Corpsman Chris was up for the challenge. He got the children to hiccup and burp like little goats right along with him!

The children were delighted to share their class visit with real heroes from our Armed Forces. It was a wonderfully enriching morning for everyone!

POLICE DEPARTMENT

NEW EMPLOYEES

Fullerton PD extends a well-deserved congratulations to our newest Police Dispatchers, Jacqueline Holguin, Alec Garcia, and Joelle Clayton.

We are excited to welcome them to the FPD family, and we wish them nothing but the best as they begin their journey of serving our community with pride, respect, and dignity.

MEMORIAL DAY

Fullerton PD Honor Guard had the privilege of posting colors and performing the 21-gun salute at Loma Vista Memorial Park in our very own city, the longest running Memorial Day Observance Ceremony in Orange County.

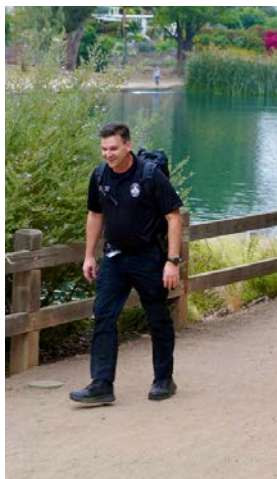

POLICE DEPARTMENT

FULLERTON PD RUCK MARCH

On May 18th, Fullerton PD held its first annual Ruck March at the Fullerton Loop. Thank you to all who joined us. We hope everyone enjoyed this 6-mile walk/march to Laguna Lake and back to the North Justice Center with our Mounted Unit, who trailed behind. Shout out to our local Army National Guard and Orange County Sheriff's Academy Class 260, who joined us for this event.

When the march/walk ended, participants enjoyed pancakes prepared by our Community Services Bureau and chicken provided by Raising Canes.

POLICE DEPARTMENT

RECOGNITION

Officers are never truly off-duty. They are always ready to help and serve, no matter the time or place.

In the early morning hours of April 12th, Officer Peterson was on his way home after working a DUI checkpoint when he encountered a traffic collision on the freeway. One female had been ejected from the vehicle into lanes of traffic, while the driver remained in the car unconscious as it caught fire.

Officer Peterson assisted both the driver, who was trapped under the steering wheel and the passenger until police and fire crews arrived on the scene.

This week, we received an email from the mother of the ejected passenger thanking Officer Peterson for stopping and helping her daughter that night.

She had sustained significant injuries and is on the road to recovery.

She had sustained significant injuries and is on the road to recovery.

New Message

From: Michelle G.

Subject: Thank you Officer Peterson

On April 12, 2024 at around 12:52 AM, Officer George Peterson found my daughter on the 5 freeway in the HOV lane after being ejected from the car. You are an Angel and the reason why I have my daughter sitting next to me today. Words cannot express the heroic efforts you displayed that night and I will forever be in your debt and gratitude!! My family thanks you from the bottom of our hearts and we cannot thank you enough for your courage and bravery!! You are my hero!!!!

I'm just so grateful that if it wasn't for him, my daughter never would have made it to the hospital that night, she would have been going to the morgue. I cry about that every day, and they are tears of joy because officer Peterson cared so much to help a stranger in need on his own time and I will always remember that.

Thank you,
Michelle G.

FLEET WEEK IN FULLERTON

Earlier today, Fullerton PD Officers were honored to attend an LA Fleet Week event hosted by the City of Fullerton. U.S. Navy Sailors and U.S. Marines visited locations in Fullerton, including the Fullerton Skate Park, the Hunt Branch Library, the Boys and Girls Club Teen Center, and eventually, the Downtown Fullerton Plaza, where Mayor Dunlap spoke and presented a proclamation.

Fullerton is honored to be a part of Fleet Week. Thank you for your service to our country.

POLICE DEPARTMENT

POLICE OFFICERS' MEMORIAL

On May 27th, Chief Ratus, Captain Arana, and two of FPD's Honor Guard members attended the 2024 Orange County Peace Officer's Memorial Ceremony to honor those who paid the ultimate sacrifice. The memorial pays tribute to the 54 law enforcement officers who were killed in the line of duty in Orange County.

UPCOMING EVENTS

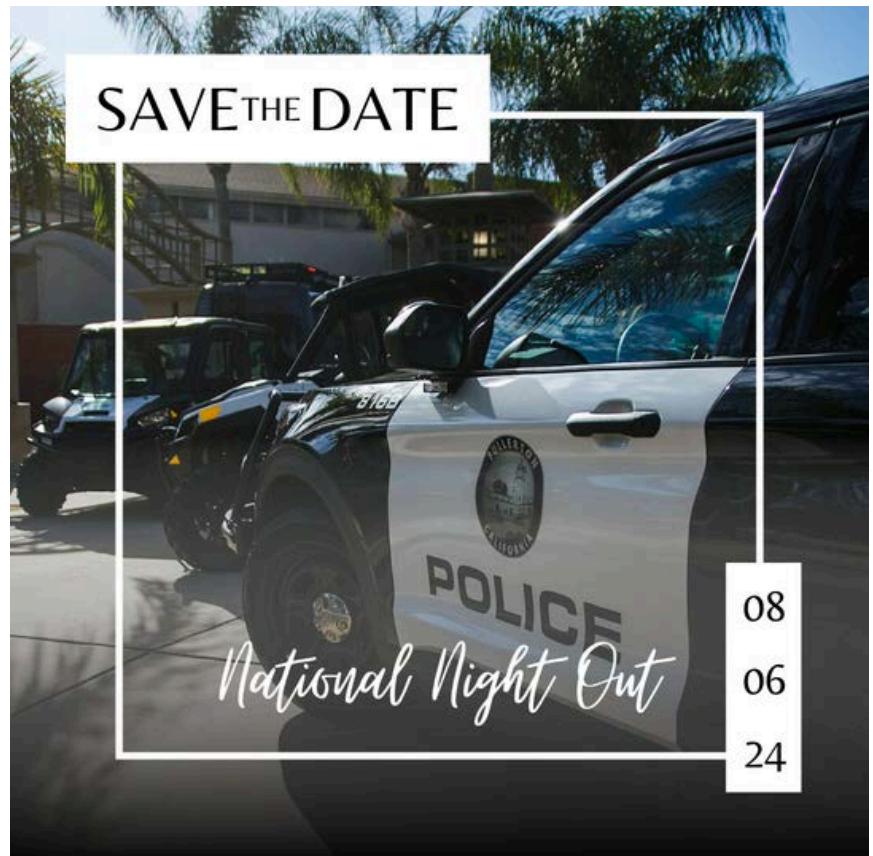

Lt. Rios will be hosting a Zone 3 Area Commander Meeting on Sunday, June 9th, from 4:00 PM to 6:00 PM at Pita Hot, 1343 E. Chapman Ave.

Zone 3 is geographically defined by the 91 Freeway on the south, Raymond Ave. to the west, Imperial Blvd. to the north, and Placentia Ave. to the east.

Lt. Rios and Officers working Zone 3 will be on hand to answer your questions about this area.

SAVE THE DATE!

National Night Out is coming to Fullerton on Tuesday, August 6th from 5:00 PM to 7:00 PM. Details coming soon.

PUBLIC WORKS

STREET REHABILITATION PROJECTS

Rehabilitation of six residential streets was recently completed after a separate project replaced the water main in all the streets. In addition to the paving rehabilitation, the projects included repair of damaged curb, gutter and sidewalk, construction of ADA curb ramps, and minor repair of sewer pipes and manholes. The streets are Hillsboro Place, Norby Lane, Stephens Avenue, Peppertree Lane, Shadow Lane, and Sheppard Drive.

Summer will be a busy time for street improvements with Valencia Mesa Drive, Costa Court Area, Las Palmas Area, Hermosa Area, Pavement Treatment Project, Slurry Seal, and Orangethorpe Avenue all scheduled to start construction. In addition, a joint project with City of Placentia will repave Placentia Avenue from Orangethorpe Avenue to Chapman Avenue.

BASTANCHURY ROAD WIDENING

Staff is working to restart the design to widen Bastanchury Road at the Brea Creek Channel, adjacent to the Fullerton Golf Course. The City has a roadway easement in this area from the United States Army Corps of Engineers (ACE), therefore all design, environmental and construction must be approved by ACE. The improvements will include roadway widening to provide three lanes in each direction, Class I bicycle lane on the south side, new drainage facilities, repair and restoration of the Brea Creek Channel culvert outflow, and new retaining walls. The approval process is expected to take several years as ACE has very long environmental and design review schedules and other project priorities. The intent is to obtain design approval and then apply for Measure M2 Project O construction funding.

PUBLIC WORKS

EQUIPMENT FLEET & ENVIRONMENTAL SERVICES UPDATE ADVANCED CLEAN FLEET REGULATION

Complying with the California Air Resources Board (CARB) Advanced Clean Fleet (ACF) Regulation for State and Local Agencies, the City recently purchased one F-150 lightning truck and two Mach E passenger vehicles. Both of these vehicles have a range of over 300 miles on a single charge. By the year 2027, all fleet purchases will be required to convert to all electric vehicles.

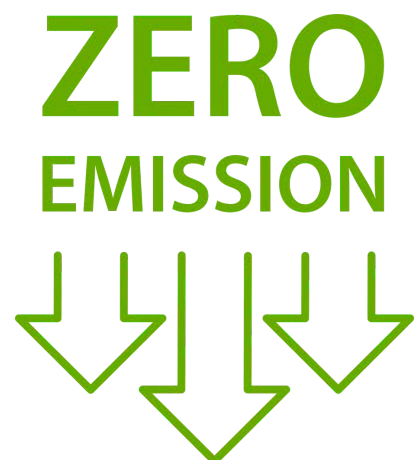

On April 28, 2023, CARB approved the ACF regulation as part of a larger strategy to accelerate a largescale transition to zero-emission medium- and heavy-duty vehicles towards achieving a statewide zero-emission truck and bus fleet by 2045.

The regulation went into effect on January 1, 2024. The City of Fullerton is one of the cities spearheading compliance methods in partnership with the California League of Cities Orange County Division.

In preparation of the transition, a select group of the City's Public Works Maintenance Yard staff attended the Enterprise Fleet Management Clean Air Trade Show to learn more about the Electric Vehicle industry, available technologies, and product offerings.

City staff is continuing to find avenues to implement the requirements through individual and collaborative grant opportunities, infrastructure planning, and future zero emission vehicle acquisition.

PUBLIC WORKS

PUBLIC WORKS WEEK

National Public Works Week is an annual event celebrating public works professionals, engineers, managers, and employees and recognizing the substantial contributions they make to protecting our national health, safety, and quality of life.

This Public Works Week (May 19-25th) we had several events to celebrate the dedicated service of our Public Works staff who play a crucial role in maintaining essential infrastructure and ensuring public safety for our residents.

Check out our social media posts [@cityoffullerton](https://www.instagram.com/cityoffullerton) on Instagram to learn more about all of the services provided by our Public Works team!
